### TALK TO A CROWD

The Tenth Ward Republican Club Holds the

### LARGEST MEETING OF THE YEAR

Speeches Were Made by E. L. Walbridge George Hunnell and N. L. Walbridge-Other Meetings.

"If there were no other issues in the campaign save the one relating to the coinage of silver, that alone would be enough to make me vote the republican ticket," said N. H. Walbridge at the meeting of the Tepth Ward Republican club, which was held in Travis hall last evening.

The meeting was so large that there were not enough chairs to seat the audience At times the enthusiasm

Was very great.
H. E. Walbridge was the first speaker who had been provided by the com-mittee. He spoke at length on the tariff and the benefits of protection and reciprocity. After he had finianed the meeting was open to any who waned to speak, and George Bun-nell took the Boor. He had several arguments which he presented in a clear and convincing manner. N. H. Waldridge, the father of the first speaker, was called for. He responded and talked first on the tariff and then on the coinage system. He remembered well the days of the state banks and gave several illustrations of the way things went then and probably would go again should the democrate succeed in establishing their coinage

M. L. Dunham, who was billed to M. L. Dunham, who was billed to speak at the meeting, was unable to be present on account of illness.

Another meeting of the club will be held next Wednesday evening and it is hoped that there will be a large attendance present.

The young men's McKinley club will not meet Tuesday evening in the Lincoln club rooms, but is looking for quarters of its own.

There will be a prohibition meeting at Woodard's church, Dutton station, October 14. The speakers have not been accurated.

attendance present. ELEVENTH WARD REPUBLICANS.

They Are Addressed by Judge Perkins and Dwight Goss. The Hon. Cyrus E. Perkins and

Dwight Goss addressed the Eleventh Ward Republican club last night on the address. issues of the campaign. The meeting was awakened by the forceful and en-tertaining manner in which the issues were presented. Mr. Goss was the first speaker and dwelt at length upon the tariff question. The principle of reciprocity was clearly explained and the benefits resulting to American interests were shown by examples of the increased sales of American products in countries with which the principle is operative. He said: "Protection and rec procety are the twin stars that will guide the republican party to victory. Protection will keep our own markets and recipe city will open the doors of foreign markets. The theory of pro-tection was advocated by such men as Washington, Madison, Jefferson, Hamiston, Lincoln, Garfield and Harrison, while free trade was supported by Jeff Davis, Calhoun, Cleveland and Peter

Judge Perkins followed Mr. Goes and records of the two parties on and stands in the front rank of Eaton questions of government. "Two years ago," he said. "the democratic party citizens. His name will add strength to the ticket in the county.

The remultive party are considered by the county of the county.

The remultive party is a fact. The remultive party are considered by the county of th of fact is worth more than a pound of theory, and after two years of the Mc-Kinley law we have a condition and not a theory. A day's labor in this country will buy more of the necessisay other country on the globe. With this condition what is wrong about the republican doctrine of protection? The prophesies of the democratic party have proved to be failures in every in-stance. All the great laws of this nation have been placed on the statute books at the protest of the democratic party. We should put very little dependence in wast the democratic party
